DATED 28 10 26.

[Despatch Abstract.]

Electric installation - Bellary - Collector's residence

lights and fans - Expenditure - Rs. 2330 - Approv

Copy of Resolution of the Board of Revenue, Land Revenue and Settlement, Routine No.3448 dated the 20th July 1925.

Read the following papers:--

Letter from the Collector of Bellary, L.Dis. No.C.3306/25-A-6 dated the 19th June 1925.

Letter from the Collector of the Nilgiris, C.No.1464-25-B.1 dated the 22nd June 1925.

Letter from the Collector of Malabar, L.Dis.No.4732/25, dated the 20th June 1925.

Letter from the Collector of Madras, D.Dis.No.A.1243-25 dated the 1st July 1925.

Resolution.

Refce:-- Government memorandum No.2704-4/25-1 dated the 23rd July 1925.

The Board submits to Government a list of electrical works for the year 1926-27 required by it and its subordinate offices

List of works required.	Remarks.
(1) Village Munsif's court	Nos. 1 & 2 may be taken up during 1926-27 but No. should be taken up in the current year.
(2) Ryots shed and Pound keeper's room	
(3) District Forest office.	

Memorandum No.4039-C/25-2 dated the 5th September 1925.

Buildings - Government - Electrical works for 1926-27.

The Electrical Engineer is informed that the following works have been proposed for the list of electrical works for 1926-27 so far as this department is concerned:--

	Estimated cost.
(1) Installation of lights and a pump for the Collector's bungalow in Bellary	Rs.1431.

The proposal has not yet reached the Government; they do not know what it entails and whether there already are electric installations in Bellary but the item may be included provisionally in the programme for 1926-27.

(2) Installation of 2 fans and ten lights in the old Tondiarpet Storehouse buildings

This will be necessary only if the proposal to remove to these buildings the offices of the Assistant Commissioner of Excise, Cuddalore division and the Inspector, Excise Intelligence Bureau, comes into effect.

Read the following:-

Again Board's Proceedings 3448 Routine dated 20-7-1925.

II Letter from Khan Bahadur Md.Bazlullah Sahib Bahadu C.I.E., C.B.E., Collector of Bellary, Ref. C.No.5128/25-A-6 dated 28th September 1925.

Reference.-

Last year the Collector of Bellary -- submitted proposals for the provision of

(i) electric light in his bungalow and

(ii) a pump for the well in his compound at an - aggregate cost of Rs.1451. The estimates for the items were obtained from the General Electric Company which was

contracting with the Bellary Electric Supply Company. Though the estimates provided only for bare necessaries, the Board did not recommend the proposal to Government as there was no prospect of funds being then available for the work.

2. There is no electric installation in the Collector's bungalow. The present arrangement of working a picottah with bulls for lifting water from the well is both inconvenient and expensive. The Collector considers that the provision of an electric pump for the well would be welcomed by any occupant as a measure of economy and that electric light in the bungalow will be a distinct convenience and that the enterprise of the Bellary Electric Supply Company deserves encouragement. He has, accordingly, renewed the proposal and requests that the estimates may be sanctioned Under G.O.No.100 W dated 20th January 1925 the provision of a pump for the well is not permissible. As the present proposal was made prior to the issue of that order and as it has much to commend it the Board recommends that the estimates may be administratively approved. It has recommended the provisional inclusion of this work in the programme of electrical works to be carried out in 1926-27.

Secretary.

Memo No 5777C/25-2 d 21-12-25

Buildings - govt (Bellary) - Collectr's residence + Electric lights & Pump - Installation - Board's Ref No E 45-86 25-2 d 17-10-25

The estimates submitted by the Board of Rev with the reference quoted above for installation of electric lights and pump in the Collectr's residence, Bellary, have been prepared by the general Electric Co. and have not been checked by the Electrical Engineer. They ~~estimate~~ provide only for light and Bellary being a hot place fans also may be asked for late ~~would be~~ is advisable therefore to have ~~a~~ complete estimates in the first instance from the Electrical Engineer for both fans and lights.

Bellary is soon to have a piped water supply. The schem is under execution and may be completed in a year or two. The electric pump, if installed next year ~~would~~ will become unnecessary

when the Collector's bungalow is connected with the town water supply

3 The Board of Rev is requested to Consider the above points and to get revised estimates from the Electrical Engineer

Buildings - Government (Bellary) - Collector's residence - Installation of electric lights and fans.

Memo. No. 3182C/26-2 Dt/ 27.5.26

The High Court has ordered that the Bellary Electric Company should be wound up and have appointed a liquidator for the purpose. A notice of revocation has been served on the licensees and on the local authority concerned, viz. Municipal Council, Bellary under Section 5(a) of the Indian Electricity Act 1910. The Municipal Council Bellary are considering the purchase of the undertaking and they have recently addressed the Government to arrange for the valuation of the plant, etc, by the Electric Inspector to Government. Action is being taken on this request. Pending the settlement of the future of the Bellary Electric Company, the proposed installation at the Collector's residence

Electric Installation in Bellary Collr's Bungalow

CNo 4039 c/27 From the Bd of Res L.R+S Rout No 3448 d 20.7.25

To Asst Secretary

2 Bellary - Installation of lights and a pump for the Collr's Bungalow.

This may be approved but the Board may be asked to send up proposals as early as possible

It is the first time we have heard of this. Is there any installation in Bellary If not how is the supply to be made. Please ask advice

C.No.5777 C. - From the Board of Revenue, L.R. & S. Refce.No.E.4586-25-2, dated 17-10-1925.

To Assistant Secretary.

Please see para.3 of the Memo. at pp.3-7 and the Board's Reference at pp.4-7 c.f. The Board recommends the installation in the Collector's residence at Bellary of

(i) electric lights at a cost of Rs.787-8-0,

and

(ii) an electric pump to the well in the bungalow at a cost of Rs.643-8-0. (This is the cost of the pump and switch only and does not include erection charges which have not been reported

2. The installation of electric lights may be supported. As regards the pump, it is submitted that even though its installation was proposed by the Collector prior to the issue of G.O.No.100 W. dated 20-1-1925, as it is to be erected only after the issue of those orders, its erection is not permissible and may be omitted. The file may be sent to P.W.D. for according administrative approval to the estimate for electric lights Rent will be chargeable at 8 percent on the outlay in addition to the rent leviable under the ordinary rules for the residence - vide para 329 of the P.W.D. Code.

3. In Memo.No.4039 C/25-2, dated 5-9-25, the Electric Engineer has already been asked to include the above two items provisionally in the programme of electrical works for 1926-1927. P.W.D. may be requested to include the first item only and provide funds for it in 1926-1927.

wells attached to mufassal residences as such pumps are usually very short lived and would quickly get out of order. These objections would not perhaps apply to pumps worked by electricity if so, the Board's proposal instal an electric pump in the present case may be approved, also the provision of electric lights in the Collr's residence.

V.P.
13.11.25.

Under what Budget head should the pump come? Can money now be granted? Are ~~money~~ funds available for ~~the~~ a ~~pump~~ in ~~the~~ Second instance? If so on whose application and orders? Wells

PUBLIC WORKS DEPARTMENT

in his "minor works" budget for 1926-27
it is presumed that the work will
have to be carried out by the El. Engr.
The estimate read from the Board has
been prepared by the General Electric Co.
& have not been checked by the El. Engr.
It is also observed that the est. provs
only for lights Belling is a hot
place & it is not unlikely that
an est. may come up later for
the installation of fans

To Asst. Secretary

Please see the memo at pp 7-8 and the Board's reply at pp 11-12 c.f.

2 The Board has submitted for Rs 233 an estimate prepared by the Electrical Engineer for the installation of 30 lights, & 6 ceiling and 2 table fans the Collector's residence at Bellary — vide pp 13- and the plan placed below. The estimate may be approved in this Dept and transferred to P.W for according administrative appr

Under the recent addns to the Lee Comm's recommendations (published in the papers) no separate rent is to be charged for electric installations the cost of which will in future be added to the Cap. Cost of the building 6 p.c of the Cap. Cost or 10% of salary will be charged as rent It will therefore be probably necessary future to limit electric installations to barest req.

word was given for the present case 30 lights & 8 fans - bracket one fan for each room - wire to be provided It is for the admin dept to say if this is sufficient

Draft order submitted

the necessity for the large number
of lights & fans. The Revenue department
have not specifically noted on
the paint but have accepted
the draft order authorizing an
expenditure of Rs 2330
Presumably they consider that
the lights (30) and fans (8)
provided for in the estimates
are necessary

Submitted that Finance
need not object the draft
order may be accepted.

7. Funds. This is a minor
work and the expenditure will
presumably be met from the
lump provision of Rs. 60,000
made in the current year's
budget under 41 Civil Works
Original works - Building
General administration

I think this had better wait till the
failure of the Bethany Electric Co. is
settled - Money will be closed from
